Quick look inside

6 CHAT

Chicago song and dance man Richard Gere is being considered for gay activist role in planned musical film version of *Kiss of the Spider Woman*; when it comes to being divalicious, Stockard Channing is *All about Eve*.

10 FILM

Forget the rumors — there will still be lots of bare butts when Showtime's gay soap opera, *Queer As Folk*, returns for Season Three.

12 BEAT

Logic Records has always been successful in getting the party groove going — now the label lights up the day and night with *Illumination*.

14 FEATURE

This weekend's SouthPlains LeatherFest promises to whip attendees into shape — this year's event will cater to the more advanced players while still offering novices a few tricks up the sleeve.

16 SPWL

When it comes to putting out a sexual vibe, few do it better than Lil' Kim.

18 EVENT

Check out the list of activities for the 30th Anniversary of L.U.E.Y weekend.

20 CLUBLAND

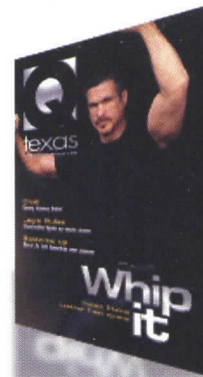

Boyz at play in Austin, Dallas, Galveston, Houston and San Antonio.

number of gay-related roles, including playing Matthew Shepard's mom, Judy, and appeared in *Six Degrees of Separation* and *Too Wong Foo, Julie Newmar*. The Margo Channing role, originally played by Bette Davis in the movie, is one of the bitchiest roles ever written with lines used by the gay community for years.

Five weeks after choosing her on ABC's *The Bachelor*, Aaron Buerge dumped fiancée Helene Eksterowicz at a Starbucks. He said he was

buerge

no longer "emotionally invested" in the relationship.

She countered that she felt "very deceived" by him. Filming of the show ended in September, but the finale didn't air until November. Until then, the couple had to keep their relationship a secret.

The couple spoke on the phone daily and met in Toronto where Eksterowicz got a clue about what her partner was like when she caught him looking at another woman.

The couple from the first edition of *The Bachelor* has also parted ways. Just more proof straight relationships just don't last.

Pisces (February 19-March 19) The New Moon in your sign on the 2nd is likely to make this an emotionally intense week for you. Avoid the social scene if you're feeling overly sensitive. Keep your distance from a well-meaning (but meddling) family member. Sunday is the best for taking a long drive to anywhere — but go by yourself.

Aries (March 20-April 19) Your sign rules new beginnings, but right now you need to tie up loose ends and be extremely detailed where work matters are concerned. An idea that's time has finally arrived pushes you into the spotlight. Learn how to be more comfortable among groups of people — you'll be doing a lot of public speaking.

Taurus (April 20-May 20) Don't be tempted to take on more projects. Your workload is at maximum capacity and even a little more could be the straw that broke the camel's back. The 4th looks like a terrific time to begin that road trip. Treat yourself to a fine dinner on the 6th. That's the day unexpected cash comes your way.

Gemini (May 21-June 21) The decidedly dual nature of your sign is very much in evidence all week. You'll need to be charming and charismatic with clients. Yet the private, deep part of you has to be nurtured, as well. Strike more of a balance between your private and public lives. Saturday night brings a romantic encounter.

Cancer (June 22-July 22) Except for a rather chaotic and frantic Monday, the week looks pretty much business as usual. Don't freak out over that audit, Cancer. Just gather all those records and receipts for the accountant. It's time for a new look, wouldn't you agree? It's perfectly alright to be a little daring — or even trend setting!

Leo (July 23-August 22) You would need eight arms (like an octopus) and 29-hour days to get everything taken care of this week. That is if you insist on doing it all yourself. Don't hesitate to delegate tasks to employees. Learn to trust your instincts more. That new date might be wrapped in a pretty package, but he does harbor secrets.

Virgo (August 23-September 22) You'll be riding a creative high for the next three weeks and it would be a shame to let it go to waste. Don't shy away from showing off your talents and flaunting your stuff (ask a Leo for advice). A minor legal hassle is finally settled on Tuesday. That will provide more than enough reason to celebrate.

Libra (September 23-October 22) It looks like the time spent at work and hiding out in your room will be the only two safe havens in the coming week. The rest looks like an electrical storm (watch out for lightning strikes). Avoid confrontations at all costs, because you just can't win. The dosage on that new prescription may be too high.

Scorpio (October 23-November 21) You've been studying the *Art of the Deal* for so long and now you get to put that knowledge into practice. Have some sharp new business cards printed up. Dressing sharp on Monday will create a nice impression. Be on your guard this weekend for an adorable, but shifty, foreigner.

Sagittarius (November 22-December 21) All of those sacrifices you've been making will be worth it when that special vacation arrives late in April. For now, keep towing the line and saving most of that extra cash. It's OK to splurge on a movie this weekend. Resume power walking to help speed up your metabolism.

Capricorn (December 22-January 19) It's very frustrating when you can't get your point of view across. But, it's important to keep that temper in check and smile sweetly to mask the anger. You could use a massage to release some of that accumulated stress. Your sweetie needs a night out just as much as you do.

Aquarius (January 20-February 18) You'll be real firecracker all week, Aquarius. Just make sure not to burn out in the process! Expending that much energy requires replenishing it. Don't neglect your fun side — too much work and not enough play tend to make you miserable and moody. Plan an overnight getaway for next week.
