RODEO DIRECTOR

TGRA's first rodeo was 30 years ago in Simonton Texas. It is very fitting that we are privileged to host the "Texas Tradition Rodeo" where it all began on its 30th year.

I would like to start by saying welcome, and thank you all for attending the 30th.

A Texas Tradition Rodeo

I also offer a Big Texas welcome and thank you to all contestants, officials, spectators, sponsors, vendors and volunteers of the rodeo. We hope that you enjoy the hospitality here at the rodeo. Take time to peruse our vendors' markets, enjoy our fantastic food & beverage area, and revel in some entertainment and music from Bryce House. There are many events and things to do while your here at our rodeo on the Pasadena Fairgrounds. And, more escapades await you while visiting the cities of Pasadena or Houston, Texas. We hope everyone has a fun, safe and memorable time.

A huge THANK YOU goes out to our core rodeo team, Dan Nagel, Mark Gurrola, Randy Edlin, Terry Covington, Butch Compton, Gay Nell Gulihur, Daniel O'Hanlon and Randy Bilbery. You all have had an instrumental part in the production of the 2013 XXX years of Rodeo. I am very proud to have every one of you on the team.

A special thanks and shout-out to all our sponsors and volunteers, without whom we would not be able to produce such a rodeo for you all. A BIG Thank You to all our spectators who are here for "A Texas Tradition Rodeo", western lifestyle and support our charity organizations within our community. So, in true Texas fashion y'all come on in, stay a while, enjoy yourselves and take home many memories.

CONGRATULATIONS TGRA ON 30 WONDERFUL YEARS!

HERE'S TO 30 MORE!

PRESIDENT

Hello, my name is Terry Covington, I am the Texas State President for Texas Gay Rodeo Association otherwise known as TGRA. I would like to extend a warm and heartfelt welcome to all rodeo contestants and guests.

At six years old, my grandmother took me to my first rodeo, in Caddo, Oklahoma. I still remember the excitement of the contestants and the spectators. Cotton candy, popcorn and manure all mixed together is a smell I'll never forget. My love for Rodeo, its events and contestants was born that night and been my passion ever since

The desire to meet and interact with like-minded people led me to join the Fort Worth Chapter of TGRA in the early 90's as a contestant. Seeing the needs of the organizations involved inspired me to be a part of the bigger picture. I became involved. Not only have I been able to follow my passions but I have been able to meet some wonderful people and help hard working charitable organizations along the way.

Since I joined TGRA, it has been a goal of mine to raise money for as many charities as possible, organizations with goals of benefitting children, our community, and many others. I have traveled Texas, The United States and Canada meeting people, helping raise money for charities and promoting our Traditional Gay Rodeo.

A simple childhood trip to a rodeo 41 years ago with my grandmother has shaped some of the greatest efforts of my life. If only she had known where our simple trip on yet another Saturday night would lead me. I know she would be proud.

Again, I welcome you and I hope you find the 30th Traditional Gay Rodeo as much fun and rewarding as I do!

GRAND MARSHALL

Nancy Ford found her voice as an out lesbian in 1977, and really hasn't shut up since. Nancy's lifelong career in the LGBT press has given her a front row seat to a remarkable and sparkling cultural revolution in the history of humankind.

WHAT A WORLD, her award-winning column on LGBT issues, entertains and inspires thousands of readers wherever it appears. Whether expressing distaste for Chick-fil-A, inventing new ways to come out to her Alzheimer's-afflicted mother, navigating unexpected luncheons with the ex-husband who outed her 30 years prior, or sensitively discussing the long-term ravages of bullying, Nancy's column has been published monthly since 1988—a potential record in the LGBT media. Her book is forthcoming.

Simultaneously, as a comedian, singer and songwriter, Nancy entertains the LGBT community and those who love to laugh with them since 1982. Her original solo show, THE DYKE SHOW, has been in comedy clubs, theatres, nightclubs, festivals, colleges, and conferences throughout the U.S.

The community she loves and contributes to throughout her life has honored Nancy with many awards: AbOUT Magazine's 2012 FACE Awards for Top Female Journalist; Kindred Spirits Foundation's 2010 Community Treasure Award; The 2008 Houston Press Club's Lone Star Award; OutSmart Magazine's 2006-2010 Gayest & Greatest Female Entertainer; Houston Press' 2005, 15th Anniversary Honors: *15 Who Shaped Houston*; OutSmart Magazine's 2004 Gayest & Greatest Female Community Hero; 1999 Q Syndicate's 2000 Vice Versa Awards; 1999 Pride Houston's LGBT Pride Parade's Female Grand Marshal; 1993-1994 Houston Press Readers' Choice, Best Local Female Comic; & 1992 Pride Committee of Houston's Female Entertainer, Pride Award.

Nancy salutes TGRA on 30 years of service to Houston's LGBT community. Grateful to be honored as the 2013 Female Grand Marshal, she's allergic to horses, so don't expect much ropin' and ridin'. Still, She looks great in a hat!

HONORARY GRAND MARSHALL

The Texas Gay Rodeo Association has named the late Eddie Taylor as our Honorary Grand Marshall for A Texas Tradition's XXX Rodeo.

September 7th, 2012 our organization experienced a great loss when we were told of the passing of our long time friend and TGRA member, Eddie Taylor.

To know Eddie was to know a real community hero, an inspiration to many and a true leader in Houston. He was an amazing man who gave everything to many individuals, organizations and fund-raising efforts for local & state charities over the past 20+ years.

Eddie won his first title in 1994 when he was awarded the title of Mr. BRB, he followed that up with a win as Mr. TGRA in 1996. He continued to work for those in need over the years in organizations such as: E.R.S.I.C.S.S., Inc where he was given the title of Duke to reign XXVII. Eddie served as an officer on the TGRA Houston Chapter board for many years. For his last few years, Eddie moved to the office of TGRA State Vice President and was in charge of the TGRA Royalty program.

Just when you would think he was done, Eddie decided to run and Win the title of Mr. TGRA in 2009, the title of Mr. Gay Pride Houston 2010 and went back to where it all began when he won the title of 2011 Mr. BRB for a second time.

Eddie raised thousands of dollars for his community and never stopped giving back to those who needed his help. All of our TGRA Chapters are proud to be able to give one last title to this amazing man by naming him the Honorary Grand Marshall to our 30th rodeo. He will always be loved and missed by anyone that knew him. We know he is raising a Miller Lite to us all while watching over the rodeo here in Houston for an organization he still loves so much.

EVENT DESCRIPTIONS

ROUGH STOCK EVENTS

BULL RIDING

Historically this is the most dangerous event in Rodeo. Contestants use an approved flat braided rope rigging & hand grip along with a loop with a bell. This rigging is wrapped around the chest of the Bull, and the rider's hand tied into the hand grip. Ropes can be worked with Rosin and Saddle soap to provide a very sticky grip, assisting with their hold. The Stock Contractor flanks the bull with a soft cotton rope at the back end signaling the bull to buck when released from the chute. With the contestant tied in and ready, they signal the chute to open. A rider must stay mounted, in control for six seconds, may only use one hand to hold on and the free hand must not touch the animal or rider. Rider scores based on 50% ability & skill of the rider, and 50% on the skill of the bull.

STEER RIDING

This is an entry-level event for new cowboys and cowgirls. Contestants use an approved flat braided rope rigging & hand grip along with a loop with a bell. This rigging is looped around the chest of the animal. Steers are a less aggressive animal and skill set. The Stock Contractor flanks his animals with a soft cotton rope at the back end of the steer signaling the animal to buck. With the contestant tied in and ready, they signal the chute to open. They must stay mounted and in control for six seconds. They ride one handed, and the free hand cannot touch the rider or the animal. Rider scores based on 50% ability & skill of the rider, and 50% on the skill of the bull. Spurs can be used to enhance the performance of the Bull, but they must not be sharp and must be locked rowels. Judges verify these prior to each contestants ride.

CHUTE DOGGING

Chute Dogging is a fast and skillful event of featuring a Steer versus a Cowboy or Cowgirl. Contestant must lead a steer from the chute across a 10 foot white line, giving the steer the advantage. Once the judge has whistled the steer is across, the contestant must use their skill and strength to "dog the steer." This is a traditional, safe method, of wrestling the steer to the ground, on its side with all four legs clear from beneath it. This is a timed event, the fastest time winning.

EVENT DESCRIPTIONS

ROPING EVENTS

DESCRIPTION

Gay rodeo presents three roping events with one designed for beginners. The other two can be costly, because your success depends on a very good horse. Many roping horses sell for \$10,000 and up. These events always begin with the contestant in a "roping box." An imaginary start line runs across the front of the roping box and the chute where the calf or steer is held. Should the contestant cross this line, called the "barrier", before the calf or steer clears the chute, a 10 second penalty shall be assessed and added on to the time.

CALF ROPING ON FOOT

On foot Calf Roping is a great event for new Cowboys and Cowgirls. Contestant ropes a young calf from the roping box. The loop must go over the calf head and then catch any part of the body, slack is then pulled, and rope is released.

MOUNTED BREAK-AWAY ROPING

Cowboys and Cowgirls compete in this event with their trained horse, and a calf. They tie the end of their rope to their saddle horn with a piece of rope. Contestant rides horse out of the roping box, and must throw their loop over the calf head and catch any part of the body, slack is pulled from the rope, breaking the string and releasing the rope. When the flagged end of the rope breaks away from the saddle, time is stopped.

TEAM ROPING

A traditional event composed of a team of two and a roping steer. The roping steer is extensively trained in this event. One contestant begins at the "header box," the other from the "heeler box." Contestants ride their horses out of the roping boxes as the steer is released, the header will throw their rope's loop at the horns of the steer, and once caught will "dally" their rope to their saddle horn. They will turn their horse and the steer in a counterclockwise motion, causing the steer's hind end to swing out, so the Heeler can throw their loop at the hind legs of the steer. Once the heeler has the loop set, and the steer steps into the loop, they pull slack, "dally" their rope to their saddle horn, back up to contain the steer, and face the steer to stop time.

EVENT DESCRIPTIONS

SPEED EVENTS

DESCRIPTION

Speed and agility are two highly prized qualities in these contestant's horses. These three speed events pit the horse, under the skillful hand of its rider, against the clock. Negotiating the prescribed pattern is a test of the rider's skill and the horse's speed and agility. A running start is permitted in these events and the fastest time wins.

BARREL RACING

Horse and rider compete for fastest time running a cloverleaf pattern around three barrels. A running start is allowed. A five second penalty is assessed for knocking over a barrel. Disqualification will take place if the horse and rider break the required pattern.

POLE BENDING

Horse and rider compete for fastest time working a zigzag pattern through six equally spaced poles. A running start is allowed. A five second penalty will be assessed for knocking a pole down. Disqualification will take place if the horse and rider break the required pattern.

FLAG RACE

Horse and rider compete for fastest time running a pattern similar to the barrel race. A pole is exchanged for barrel number three. A flag is placed in a bucket on the first barrel. A running start is allowed. Horse and rider must run the pattern, pick up the flag and stick it in the second bucket. A five second penalty is assessed for knocking over the first bucket or the pole. Disqualification will take place if the horse and rider break the required pattern, miss the flag, miss sticking the flag in the second bucket, or knock over the second bucket or barrel.

CAMP EVENTS

DESCRIPTION

Whenever a group of cowhands get together for a good time, hell is going to be raised! Cowhands generally have their own definition of fun and challenge.

EVENT DESCRIPTIONS

After a few beers and some serious ego pumping, it is amazing what a group of hands can come up with! Prerequisites for participation are a willingness to eat dirt and the ability to hold your own with an ornery steer or goat. Sixty percent of gay contestants get their start in these three events and the old-timers stay in because the payoffs (or winnings) are the best of all events.

STEER DECORATING

A fast event composed of a team of two (Cowboys and/or Cowgirls) and one steer. First contestant brings the steer across the line, second contestant ties a ribbon on the tail, first contestant removes the rope loop from the horns, as second contestant runs to tag the timer behind the chute.

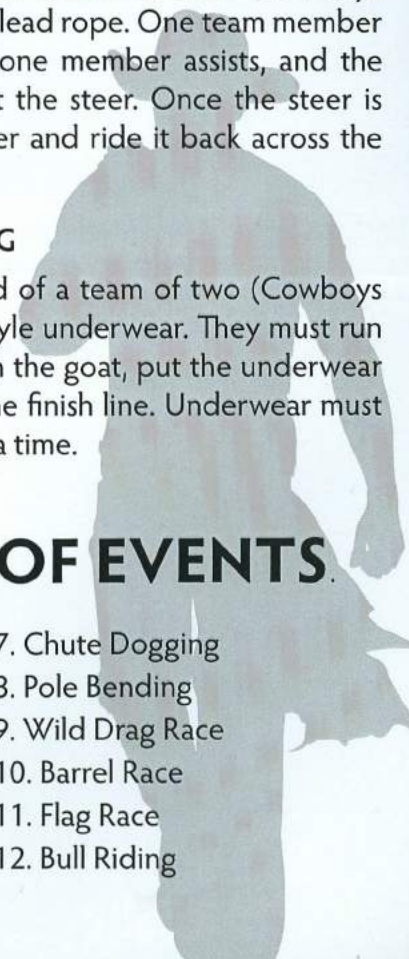

WILD DRAG RACE

An exciting, yet dangerous event composed of a team of three (Cowboys and/or Cowgirls) and a steer with a halter and lead rope. One team member leads the haltered steer to the "finish line", one member assists, and the contestant dressed in drag readies to mount the steer. Once the steer is across the line, the drag must mount the steer and ride it back across the finish line.

GOAT DRESSING

An athletic event, Goat Dressing is composed of a team of two (Cowboys and/or Cowgirls) a goat, and a pair of brief style underwear. They must run to the goat (one carries the underwear), catch the goat, put the underwear on the goat (over the tail), and run back to the finish line. Underwear must remain on the goat for contestants to receive a time.
