BIENVENIDOS!

Tonight is the event where two individuals will be selected to represent the Gay and Lesbian Hispanics Unidos (G.L.H.U.) organization of Houston. Many will wonder why these two, a Hispanic female and male have been chosen. Well, as President of the organization allow me to share some of the reasons.

First, the individuals selected will serve as ambassadors for the organization. That is, they will be official representatives of G.L.H.U. at various activities

held in the gay and lesbian community. Their presence will serve as a positive signal that a gay Hispanic male and a Hispanic lesbian can work together in unity and in harmony.

Secondly, Mr. and Ms. Baile will serve as positive gay and lesbian role models to other Hispanics in the community. Their reign during the year will highlight positive contributions in areas such as fighting the AIDS epidemic, promoting our Latino culture, heritage and language, and recruiting new members to the organization.

Lastly, Mr. and Ms. Baile will be two individuals that will instill pride and dignity to the positions bestowed on them and carry on the "banner" for G.L.H.U. and its members.

Thank you for being with us tonight and for your continued support.

Braulio Jose Veloz
G.L.H.U. President
